<sup>1</sup> Legal fees are based on a basic probate proceeding that remains uncontested. Additional work or Court appearances rarely occur, but they would result in a charge.

<sup>2</sup> Understand the Court charges and Inventory Fee at the 90 day point after the start of any Probate based on the size of the estate. As a point of reference, an estate with \$100,000 would result in a \$363 inventory fee, and a \$300,000 estate would pay \$613. This is calculated based on the assets that subject to probate.

<sup>3</sup> Small Estates are limited to non-real estate probates where the cumulative value of the estate is below \$25,000, and the petitioner is the individual who paid for the funeral.
